Teen Sex and The Law (Postmodern Library Series, Volume 2) [Postmodern Library] on Amazon.com. *FREE* shipping on qualifying offers. Rainbow Parties. Teacher-student sex. Internet predators. Group sex in the school auditorium. Hooking up. These are the realities of teen sex in the 21st century. A series of critically acclaimed books for teens about the legal system and how it affects their daily lives. The Teens & the Law series familiarizes young readers with our legal system, dispels myths and mysteries, and shows that the law is by and for the people—including teens. This book is no different. A quick search says that Stern made a career of writing these kinds of books. I actually get a kick out of these old books, mostly for interesting cover art and the sensational headlines and book blurbs. Evidently this teen mayhem was ubiquitous during the 50s.
